To—The Inspector General of Education.
The Comptroller to the Government of Mysore.

From the General Secretary to the Government of Mysore, to the Inspector General of Education No. 7384—Edn. 201, dated 21st December 1895.

With reference to Government Proceedings No. 7230-1—Edn. 198, dated 21st December 1895, sanctioning the Budget Estimates of the Industrial School for 1895-96, the following remarks are communicated to the Inspector General of Education for information and guidance.

Receipts.

The estimated receipts for the year 1895-96 are given as Rs. 1,500 against Rs. 641-11-2, the actuals realized and credited to Local Fund General during 1894-95 according to the Comptroller's accounts. No details have been furnished for the current year's estimate as required in para 1 of the Government Proceedings, dated 3rd October 1894, C. No. 90-91, nor has the cause of this large increase been explained. The omission should be supplied; meanwhile the estimate will stand.

Expenditure.

2. The aggregate estimate of expenditure entered under all heads in the Budget for 1895-96 comes to Rs. 12,340 against Rs. 10,578 sanctioned for 1894-95, as shown in the following abstract Statement:—

Details.	1894-95.			1895-96.		
	No.	Rate.	Cost.	No.	Rate.	Cost.
			Rs.			Rs.
I. Machinery and tools			1,700			1,540
II. Materials			750			1,250
III. Scholarships			1,800			2,700
IV. Rent of buildings			800			900
V. Contingencies			564			650

VII. Establishment			3,564			3,780
VIII. Weaving Industry			700			700
Total ...			10,578			12,340

3. *I. Machinery and Tools*—As the necessity for a large provision in the Budget for 1894-95 was not explained, the Committee was requested to propose reductions under this head. In the present Budget, though the total estimate is less than that of the past year, increases are provided under the marginally noted heads, for which a separate detailed statement is submitted with an explanatory memo showing the necessity for each. The provision is passed.

	1894-95.	1895-96.
2. Modelling class ...	25	70
4. Blacksmiths' and fitters class	200	250
6. Pottery class ...	50	300
7. Rattan class ...	150	200
8. Sundries	75	120

4. *II. Materials*—The Committee proposes to purchase materials at a cost of Rs. 1,250 against Rs. 750 and 600 sanctioned for the purpose during 1894-95 and 1893 94, respectively. The increase in the Budget for 1895-96 is explained to be necessary to meet the increased demand of the public. The estimate will be allowed, but the Secretary to the School Committee is requested to report whether, as required in para 3 of Government Proceedings, dated 3rd October 1894, C. No. 90-91, a stock account of the materials has been opened, and, if not, the same should be done at once.

5. *III. Scholarships.*—The Secretary states that a good number of poor and promising students have joined the weaving class during the current year and that the class has to be strengthened. He accordingly provides Rs. 900 in

the present Budget to grant scholarships to weaver apprentices at a monthly cost of Rs. 75. The proposal which is in accordance with para 3 of Proceedings, dated 27th September 1894, No. 65-66, is sanctioned, and the provision approved. The attention of the Committee is invited to para 5 of the Government Proceedings, dated 3rd October 1894, C. No. 90-91, and the early submission of Supplemental Budget providing for this charge will be awaited.

6. *IV. Rent of Buildings.*—The increase under this head is the result of a gross increase of Rs 220 said to be needed on account of temporary sheds and construction of "Potters' oven", and of a gross decrease of Rs. 120 under house rent, due to the removal of the school to "Hill View" on a rental of Rs. 50 per mensem instead of Rs. 60 paid for the old building. The provision is passed.

7. *V. Contingencies.*—The provision under this head includes the following four items:—

		1894-95.	1895-96.
		Rs.	Rs
(1)	Office and school furniture	200	100
(2)	Prizes for boys	100	100
(3)	Conveyance charges of the Superintendent to inspect the work of looms at the weavers' village ...	50	50
(4)	Sundries	64	150

8. *Item* 1, which the Secretary states is necessary owing to the insufficiency of the existing furniture, is sanctioned.

9. *Item* 2.—The provision of Rs. 100, which is in accordance with para 5 of the Government Proceedings, dated 27th September 1894, C. No 65-66, is approved; but the Secretary is requested to expedite the submission of the information and the annual report called for in para 4 of the above Proceedings.

10. *Item* 3.—The necessity for the repetition of this provision in the present Budget and the principle upon which payment is made should be reported. Pending information, the estimate will stand.

11. *Item* 4.—The increase under this head is said to be needed for the purchase of fuel for the use of the kiln. This is passed.

12. *VI. Wages for Temporary Establishments.*—The increase under this head is due to the provision newly made for the pay of a wood carver on Rs. 10 per mensem. This is said to be necessary as, owing to the small number of students, local artizans have to be occasionally employed to execute emergent orders. The provision is passed.

13. *VII. Establishment.*—The marginally noted items are included under this head.

	1894-95.	1895-96.
	Rs.	Rs.
1 Superintendent	... 1,200	1,200
2. Clerk	... 180	240
3. Peon (new) on Rs. 7	... ...	84
4. Increase of sweeper's pay from Rs. 3 to 4	... ...	12

14. *Item* 1.—The pay of the Superintendent was fixed at Rs. 80 per mensem to be raised to Rs. 100 at the expiration of the probationary period of one year in Government Proceedings, dated 5th December 1894, C. No. 117-19. The increased provision will be retained, but a separate application should be made for allowing the increase to the Superintendent, if he has given satisfaction and deserves confirmation.

15. *Items* 2, 3 *and* 4, are retained pending explanation as to the necessity for the proposed increase.

16. The other items call for no remarks.

17. The attention of the Honorary Secretary is invited to para one of Government Proceedings, dated 27th September 1895, No. 65-66, and he is requested to submit, as therein directed, a curriculum of every industry taught in the school, and to report whether the pupils cannot be sent up for the Madras Technical Examinations.

19. As it is of the utmost importance that the annual Budgets should be issued before the commencement of the year to which they relate, the Secretary to the Committee is requested to submit his future Budgets so as to reach the Secretariat not later than the 31st of March preceding the year with complete details under receipts and each head of expenditure. The Budget for 1896-97 should accordingly be submitted on or before 31st March 1896.

From the General Secretary to the Government of Mysore, to the Inspector General of Education in Mysore No. 6938—Ed. 184, dated Bangalore, 13th December 1895.

With reference to Government Proceedings No. 6638-9—Ed. 174, dated 7th December 1895, sanctioning the Budget Estimates of the Education Department under State Funds for 1895-96, the undersigned has the honor to communicate the following remarks for information and guidance of the Inspector General of Education.

1. The estimates of Receipts and Expenditure submitted for 1895-96, are shown in the following abstract statement:—

Receipts.	Estimate for 1894-95.	Estimate for 1895-96.	Expenditure.	Estimate for 1894-95.	Estimate for 1895-96.

2. *Receipts.*—The estimated income includes Rs. 350 expected from the Industrial School. It is presumed that the School at Mysore, which is maintained at the cost of Local Funds General, is referred to. If so, the receipts should be credited to the same funds. The estimate must accordingly be struck out. If, likewise, provision is made on the side of expenditure on account of the school establishment, &c., the particular sub-head under which it is included should be stated in view to the same being struck out for the same reason. The omission of "V Contribution from the Local Funds" is in accordance with Government Proceedings, dated 19th November 1894, No 112. The Inspector General's total estimate under receipts, Rs. 81,747, is slightly in excess of the figures given in the Civil Budget, namely, Rs. 81,000. The latter will be adopted as the sanctioned estimate for the current year.

EXPENDITURE.

3. The total estimate of expenditure sanctioned for 1894-95 in Government Proceedings, dated 12th December 1894, C. No. 126, amounted to Rs. 5,05,169, and including certain items amounting to Rs. 14,072, since allowed, (*vide* margin) the authorized charges of recurring and non-recurring nature, amounted to Rs. 5,19,242. But the estimates said to have been based upon the existing scale, submitted by the Inspector General of Education, aggregate Rs. 4,85,886, which was accordingly adopted in the Civil Budget for 1895-96.

	Rs.
III Instruction (English) ...	4,464
VI Grants-in-aid ...	4,808
VII Oriental Library ...	300
IX General ..	4,500
Total ...	14,072

4. *I. Direction.*—As a clerk on Rs. 20 was permanently transferred in Government Proceedings, dated 31st July 1895, No. 1731-2—Ed. 23, from the Inspector General of Education to the General Secretariat, the provision under Direction will be reduced by Rs. 240. It is observed that the correct amount sanctioned in 1894-95 under this head was not Rs. 18,672 as entered in the Budget Statement under scrutiny, but Rs. 18,972, including Rs. 300 sanctioned for new hands and increases.

5. *II. Inspection A.*—Under this head an increase of Rs. 900 is entered over the sanctioned estimate for 1894-95 in accordance with the scale sanctioned in Proceedings, dated 25th January 1894, C. No. 278-93.

6. *Office Establishment.*—There is an increase under this head of Rs. 12 over that sanctioned in Government Proceedings, dated 24th October 1894, C. No. 93, due to the provision made for the increase of the pay of two peons from Rs. 6 to Rs. 7 each, instead of one peon, as per remarks noted in the Budget statement. The necessary alterations will be made and the estimate reduced by Rs. 12. It is observed that the provision of Rs. 732 sanctioned in 1894-95 for new hands and increases has been omitted, and consequently Rs 24,768 is exhibited as the sanctioned sum instead of Rs. 25,500 which is retained as the correct estimate.

7. *Inspection B.*—The abolition of the appointments of the Superintendent of Government Girls' Schools, writer and peon, having been sanctioned in Government Proceedings, dated 31st May 1895, C. No. 200—4, the provision of Rs. 2,820 made for them under this head will be struck out.

8. *III. Instruction (English) B. Other Officers.*—A provision of Rs. 5,580, at Rs. 465 per mensem is made on account of the pay of the Head Master, 1st Class, while the maximum rate of salary allowable under the rules is only Rs. 450, per mensem. The increase over the maximum rate must accordingly be disallowed, and the last year's provision repeated in the present Budget.

9. *D. Lower Subordinates.*—According to the scale of English Colleges and High Schools as it stood on 1st July 1895, furnished by the Inspector General of Education, the correct provisions for 15 and 20 Assistant Masters ought to be Rs. 7,476 and Rs. 6,048 and not Rs. 7,428 and Rs. 5,928, respectively, as entered in the above estimates. Moreover, the pay (Rs. 35) of the last Assistant Master, 1st Class does not appear to have been correctly entered in the printed list, as the salary of the post is Rs. 30 rising to Rs 50 by annual increments of Rs. 4 each, and cannot therefore be Rs. 35 in any year. The correct figures should therefore be reported, and pending further information on the point the proposed estimate will be allowed to stand.

10. *Pupil-teachers.*—The authority under which the pay of one of the pupil-teachers was raised to Rs 15 should be quoted, as the pay of all the teachers is given as Rs. 10 in the printed list.

11. *Pandits and Munshis.*—As the pay of the 1st Class Munshi sanctioned in Government Proceedings, dated 23rd July 1895, No. 1450—Ed. 20, is only Rs. 52 and not Rs. 60 per mensem, the provision made in the Budget on account of his salary will be reduced from Rs 720 to Rs. 624. There are only 7 and 20 Pandits in the II and III Classes, respectively, according to the printed list, while in the present Budget provision is made for 6 and 22 including probably a 3rd Class Munshi on Rs. 19 sanctioned in Government Proceedings, dated 24th January 1895, C. No. 141—42. Moreover, their salaries do not, in several cases, correspond with those given in the printed list. The Inspector General is therefore requested to furnish particulars of the rates of pay of the II and III Class Munshis as provided in the Budget.

12. *Anglo Vernacular Middle Schools.*—According to the details showing the number and pay of Head Masters and Assistant Masters shown under this head, the correct number and cost of hands ought to be Rs 304 and Rs. 45,048, and not

Rs. 305 and Rs. 45,252 as erroneously entered in the Budget statement. **This discrepancy requires explanation, and details under the following sub-heads should be furnished as early as possible :—**

	Rs.
Fifty-six menial servants	3,300
House-rent	912
Contingencies	1,020

A sum of Rs. 3,276 is asked for to open newly certain Anglo Vernacular Schools on the understanding that a quarter of the cost would be contributed by the Municipalities concerned. It is not reported whether the expected contribution has been actually promised This information should be submitted, and a separate reference made on the subject.

13. *IV. Instruction (Vernacular).*—The provision under this head, which includes Rs. 45,655 on account of the two items marginally noted, is less than the past year's estimate, due probably to the transfer of certain schools to the Village School Fund. The details showing the number of schools and teachers with rates of salaries should be furnished.

	Rs.
1. Taluk School buildings ...	10,000
2. H. H. the Maharani's Girls' School	35,655
Total ...	45,655

14. *Item* 1.—The provision made in the Budget for Taluk School buildings is only Rs. 10,000, but according to the detailed list submitted by the Inspector General, the total amount required during 1895-96 is Rs. 32,484.* As four months of the current year have already expired, the Government consider that in addition to the sum of Rs. 12,077 required for incomplete works and works already sanctioned, a lump sum grant of Rs. 7,000 for new works and Rs. 923 for minor works would be ample. The estimate under this head will accordingly be raised to Rs. 20,000.

	Rs.
1. Incomplete works ...	10,180
2. Works sanctioned in 1895-96..	1,897
3. New works to be sanctioned...	18,407
4. Minor works	2,000
Total ...	32,484

15. *Item* 2.—The provision made for the Maharani's Girls' School, which is the same as that sanctioned for 1894 95, does not apparently include the cost of the widows' classes sanctioned in Government Proceedings, dated 3rd May 1895, C. No. 200-4. A sum of Rs. 1,500 will accordingly be added under this head. The sum of Rs. 1,932 required for opening new schools and for the schools at Alur transferred from Local Funds to State Funds under the authority of Government Order, dated 19th November 1894, No. 113, is passed.

	Rs.	
1 Teacher on ..	75	
1 Teacher on ...	45	
1 Peon on ...	5	
Total ...	125	per mensem.

16. *V. Grants-in aid.*—The provision made under this head is particularised below :—

	1894-95.	1895-96.
1. Monthly grants-in-aid to schools	52,342	53,086
2. Building grants	5,850	5,000
Total ...	58,192	58,086

17. *Item* 1.—In the column of remarks an increase of Rs. 960 is stated to have been sanctioned by Government in December 1894, and January 1895, as grants-in-aid for Sadvidya and Students' Home at Mysore. Including these items, but excluding Rs. 492 shown to have been transferred to the head of "Instruction," the correct provision ought to be Rs. 52,810 and not Rs. 53,086, as entered in the Budget. The difference requires explanation. Moreover, the provision made probably includes sums included in the past year's Budget on account of grants-in-aid to the marginally noted schools, which were ordered to be discontinued in Government Proceedings noted against each. If so, the estimate should be reduced. With this view, the Inspector General is requested to explain the particulars. The grants-in-aid to schools recommended at an aggregate cost of Rs. 3,504 as specified in the margin are sanctioned and the estimate raised accordingly.

	Rs.
1. Melkote. Sadhu Sadana School Proceedings, dated 3rd May 1895, C. No. 900-4 ...	480
2. Nanjangud. Conversion of Aided School into Government Girls' School Proceedings, dated 23rd July 1895, No. 1429— Ed. 19 ..	360
Total ...	840

	Rs.
Increase of grants-in-aid to existing schools	1,620
Grants to new schools	1,884
Total ...	3,504

18. *Item* 2, *Building Grants.*—As per separate list of applications for grants submitted by the Inspector General, the sum required is Rs. 6,350 against an estimate of Rs. 5,000 entered in the Budget. The former figure will be adopted and the provision raised accordingly.

19 The authority under which the pay of the Manager, under VI, Book Department, was raised from Rs. 55 to Rs. 60, should be quoted. It is noted that the correct estimate sanctioned under this head and "VII, Oriental Library" for the past year is Rs. 23,160 and Rs. 11,230 and not Rs. 20,980 and Rs. 10,230, respectively, as shown in the Budget statement.

20. As more than four months of the year to which the Budget relates have expired, no orders are required at present on the marginally noted increases proposed by the Inspector General, which should form the subject of a separate communication with full particulars showing the existing scale of charges and the increases proposed, with an explanation as to the necessity for each. It is further noted that small increases are proposed to be given to the various Pupil Teachers and others, but these proposals do not seem to be guided by any fixed rule or principle. The Inspector General is requested therefore to state on what grounds the increases are proposed to be made.

	Rs.
1. Strengthening the Inspecting staff ...	2,100
2. New hands and increases in Anglo-Vernacular schools ..	7,512

21. As it is highly necessary that the annual Budgets should be passed and issued by Government before the commencement of the year to which they relate, they should be so prepared as to exhibit only the estimates of the sanctioned scale of establishments and authorized items of other charges. No item not previously sanctioned by Government should be entered in future Budgets.

22. Subject to the above remarks the Budget Estimates of receipts and charges for 1895-96 are sanctioned as per details given in the accompanying appendices of which an abstract is given below :—

Proceedings of the Government of Mysore,

READ :—

Correspondence ending with Bangalore District Magistrate's letter No. 479, dated 25th November 1895.

With reference to Government Proceedings No. 5349—J. 602 of the 5th instant, on the matter of the issue of instructions to Government Advocate in appeal cases, I have the honor to state that the practice in this District has been to instruct the Assistant Government Advocate to appear before the Chief Court in all cognizable cases. In conformity with this practice, the Assistant Government Advocate was requested, in this office No. 364 of the 10th ultimo, to support before the Chief Court in appeal convictions by Magistrates in all cognizable cases. This mode of general requisition was perhaps thought undesirable by Government, and my attention was drawn to Government Proceedings No 22146-62—J. 1338, dated 30th May last, which directs that the Public Prosecutor should be directed to appear before the *Sessions Court* only in cases of special importance. I felt doubtful whether this order of Government applied to this District also, when appeals against Magistrates' decisions be direct to the Chief Court and not to the Sessions Court Hence the matter was referred for the orders of Government.

I solicit orders as to whether it is the wish of Government that only in cases of special importance that the Assistant Government Advocate should be instructed to appear. I deem it necessary that appeals in all cognizable and heinous cases, should be upheld by the Assistant Government Advocate.

No. 6436-42—J. 717, DATED, BANGALORE, 3RD DECEMBER 1895.

ORDER THEREON.—The District Magistrate of Bangalore is informed that, as in the Nundydroog Division appeals from convictions by 1st Class Magistrates lie direct to the Chief Court, the Assistant Government Advocate, instead of the Public Prosecutor, should be instructed to appear before the Chief Court to support convictions, only in cases of special interest and importance in accordance with the direction contained in Proceedings No. 22146-62—J. 1338, dated 30th May last.

Letter No. 1135—104, dated 14th September 1895, from the Inspector General of Police in Mysore.

I have the honor to forward copies of the marginally noted communications received from the Deputy Commissioner, Shimoga, bringing to notice the urgent necessity that exists for converting the Nagar sub-station into a head station with one Jamadar and one Dafadar and eight Constables attached to it.

No. 317, dated 1st May 1893.
No. 81, dated 6th August 1895.
No. 121, dated 19th August 1895.

2. The Deputy Commissioner reports that in consequence of the transfer of the Nagar Taluk head-quarters to Kallurkatte on the 19th January 1893, the Nagar head station was reduced to a sub-station with one Dafadar and six Constables, and this strength is quite inadequate to meet the requirements of the place. The town of Nagar is situated in a wild tract of country, and is the abode of not a few wealthy men who require greater Police protection than can be afforded by the present strength of the Police. To entrust the duty of maintaining law and order in the Nagar town and in the surrounding tracts to a petty officer and a handful of men may not be productive of good results. The Deputy Commissioner strongly recommends the constitution of the Nagar station into a head station with the complement of one 2nd Class Jamadar, one Dafadar and eight men, the sub-stations of Yadur and Hulikal at a distance of 25 and 18 miles from Kallurkatte and 18 and 9 miles from Nagar, respectively, being attached to the latter. This measure would necessitate the entertainment of one 2nd Class Jamadar and two 2nd Class Constables in addition to the present strength.

3. In the revision scheme submitted to Government with this office No. 1583—133, dated 22nd November 1894, the following additional strength has been proposed for the Shimoga District :—

		Rs.
2 2nd Class Jamadars at Rs. 23	...	46
3 Lance Dafadars at Rs. 9	...	27
100 2nd Class Constables at Rs. 6	...	600

The above provides for the requirements of the Nagar station.

4. I beg that you will be so good as to move the Government to pass early orders on my proposal which is based upon the urgent requirements of the Districts.

No. 6798-9—J. 753, DATED, BANGALORE, 11TH DECEMBER 1895.

ORDER THEREON.—Under the circumstances represented in the foregoing letter, the Government are pleased to approve of the proposal of the Inspector General of Police for converting the Nagar sub-station into a head station, and the entertainment of one 2nd Class Jamadar and two 2nd Class Constables in addition to the present strength.

2. The papers connected with the general revision scheme referred in para 3 will be forwarded to the Committee for the revision of establishments.

Letter No. 1581—159, dated 4th November 1895, from the Inspector General of Police in Mysore, submitting, with advertence to Government letter No. 24452—J. 1471, dated 26th June 1895, statement showing full particulars regarding Ukkads and Outposts proposed, and requesting sanction to the scheme for the permanent remuneration of Totis and Talaris employed in watching the outposts.

2. Government letter No. 24452—J. 1471, dated 26th June 1895, to the Inspector General of Police in Mysore.

No. 7160-9—J. 796, DATED, BANGALORE, 20TH DECEMBER 1895.

ORDER THEREON.—In connection with the relief operations necessitated by the scarcity of 1891-92, sanction was given to the employment of 851 Totis and Talaris for guarding the highways, passes and ghat stations on a monthly salary of Rs. 3 per head, with effect from 1st April 1892.

The Totis and Talaris thus employed proved highly useful in assisting the Regular Police in the detection and prevention of crime generally and especially of crimes on the frontiers, and on the recommendation of the Inspector General, the remuneration sanction was continued till 1st April 1893. The Inspector General in his letters marginally noted requested that the scheme in view of the satisfactory results attained might be permanently sanctioned.

No. 3127—316, dated 24th April 1893.
No. 1445—118, dated 10th Nov. 1894.

In No. 24452—J. 1471, dated 26th June 1895, the Government, while generally approving of the Inspector General's proposal, called for full particulars as regards the number of outposts, number of men to be employed and the remuneration proposed.

The Inspector General in his letter No. 1581—159, dated 4th November 1895, has now submitted the necessary detailed statements. It is proposed to start the Totis and Talaris on a pay of Rs. 2 per month, leaving it to the Deputy Commissioners to propose higher rates in particular localities, should the circumstances of the locality demand an increased rate of pay. The pay pro-

posed is extremely moderate, but the Government trust that the hereditary character attached to the office will make it sufficiently attractive and secure the willing service of the employés. 466 outposts are proposed to be created and the cost will thus amount to Rs. 19,656 as per particulars specified below :—

Districts.	Number of Outposts.	Number of Totis.	Cost per annum.
			Rs.
Bangalore	93	187	3,760
Kolar	85	165	3,960
Tumkur	51	101	2,424

Chitaldrug	71	120	2,880
Kadur	18	37	888
Total ...	466	819	19,656

The proposal is sanctioned tentatively with effect from 1st January 1896 for two years, at the end of which the Inspector General of Police may submit the scheme for permanent sanction with such modifications as experience may suggest.

The Inspector General is requested to submit a statement of the settlement as effected in each Taluk.

Proceedings of the Government of Mysore.

READ :—

Letter, dated 15th October 1895, No. 50, from the Deputy Commissioner of the Kadur District.

I have the honor to acknowledge the receipt of Government Proceedings No. 806-11—L. F. 171-94, dated 16th July last, sanctioning the Budget Estimates of the several Municipalities of the Kadur District and to submit, as requested, the following explanation on the several points referred to.

Para 4, *VIII. Rents.*—As the sums realized by the sale of produce in gardens could not strictly be construed as rents, the amount estimated as the probable realization under this item, namely Rs. 105, has been entered against the sub-head (*t*) of X Miscellaneous in the Budget.

Para 11, *Item* 4.—In para 9 of Government Proceedings No. 2551-6—L. F. 29-94, dated 13th August 1894, the provision of Rs. 50 made for the purchase of furniture was struck out, but on submission of an explanation in which the urgency of the furniture was pointed out, sanction was accorded in para 2 of Government Proceedings No. 13624-6—L. F. 29-94, dated 6th March 1895. This sum was not spent during the year, as it was found that the furniture actually needed would far exceed the provision for, as a matter of fact, there is little or no furniture in the Municipal office at Chikmagalur, which causes considerable inconvenience when meetings, &c., are held. In view to supply this desideratum, the Board in a meeting held on the 27th April 1895, resolved that a sum of Rs. 250 be allotted for the purchase of furniture, and, as I consider that this outlay is indispensable, I beg that sanction may be accorded to the same.

Para 12, *Items* 3 *and* 5.—With regard to the item 3, it was found necessary to increase the amount of contingencies to Rs. 96, as during the current year very much more work will, in all probability, be executed in connection with the Western Extension and other improvements in the town, in consequence of which a great many plans, &c., will have to be prepared and a great deal more of country stationery, not supplied by Government, will be required for use and to meet the purchase of these requirements, the increased amount has been entered.

Item 5.—When no improvements were taken in hand, it was found difficult for the work to be efficiently performed by the permanent office establishment, but since the extension of the town and the increase of work occasioned not only thereby but also by daily improvements it is found that the office work cannot possibly be carried on with the present staff. A great number of estimates have to be checked, accounts prepared and grants furnished and even with the additional hand asked for, it is feared that the office will still be overworked. Under the above circumstances, I beg that sanction may be given for the entertainment of the additional hand at once.

The office has no peon at present and the services of one are absolutely necessary as otherwise, it is found very difficult to send round notices to members, carry the tappal and have other menial work in office attended to. I beg therefore that the entertainment of a peon may also be sanctioned.

Para 15, *III. Collection* (*a*) *Octroi.*—In the towns of Tarikere, Birur and Kadur, duty is recovered only on cloths and oil, and Kerosine oil is not charged with duty in the two latter towns; this accounts for the very small amount of income. With regard to this, a separate reference is contemplated in which Government sanction will be sought to have duty recovered on all the goods which are charged with the same in other towns. At Ajjampur no duty is recovered on goods, while at Yedahalli duty is charged only on cloths. It is very desirable that an uniform system should be introduced throughout the District when it is hoped the income will greatly increase. Pending the above contemplated reference to Government, which will be submitted almost immediately, I beg that the provision for the establishment originally made may be allowed to stand. The Mutsaddi at Yedahalli has not only to look after the collections but as the funds cannot afford the entertainment of a separate man for supervising the conservancy and other Municipal work in the town, he has also to do this work, and the remuneration he gets of Rs. 6 per mensem is inadequate for the hard and responsible duties which devolve on him; it was therefore proposed to give him a small increase of Rs. 2 per mensem and under the circumstances represented, I trust the increase will be allowed.

Para 16, *III. Collection* (*b*) *Mohatarfa*.—Up to January 1893 a Mutsaddi was entertained on Rs. 10 for collecting the Mohatarfa, &c., but in Government Proceedings No 5954-63—L. F. 157-92, dated 31st October 1892, his services were dispensed with and the work ordered to be given to the village officials. It is found that, with their other duties, the collection of the Mohatarfa cannot be properly attended to by these servants without very considerable help being given them by lending them other Municipal servants during the period of collections. A separate report on this will be submitted in due course with a recommendation showing what sum out of the allotment is considered sufficient for the services rendered by the Shanbhogs and Patels, after which the requisite disbursements will be made. It was due to an oversight that no provision was made under this head for the two previous years.

As regards the entertainment of a Market Daroga, I have the honor to state that it will, in my opinion, be impossible for either the Shanbhog or the Patel to attend to the duties. These servants as a rule are most indifferent to work in the Municipality and take little or no interest in it and it would never tend to any good results to entrust such work to them. If a competent Daroga were employed, he would be a means of check on the working of the Octroi establishment as he would be in a position to note the quantity of articles brought into shops on which

duty is recoverable, he will also be required to inspect the meat stalls daily and note the number of animals slaughtered, and fruit and fish stalls, the prevention of food unfit for consumption being sold and which is most necessary for the prevention of cholera, &c., and if it is found that he has the time, it is contemplated to depute him to make an inspection of the Municipal lamps during nights to see whether they are all lit. The matter received my careful consideration before the proposal was made and under the circumstances now submitted I trust the recommendation will be sanctioned.

18. *VII. Lighting.*—The remark that the charges for lighting are high has been noted. The price of oil in this District is higher than in other places, but an endeavour will be made to reduce the charges, if possible.

23. *XI. Miscellaneous (g) Fairs and Festivals.*—It was found necessary to increase the provision to Rs. 100 as that made in previous years was wholly inadequate and was generally distributed as prizes to school boys without any other amusement being provided for the public.

24. *XI. Miscellaneous (h) Gardens in Chikmagalur.*—The number of gardeners employed in the Park is only three and if one man is deputed for sweeping, it is found that the work of watering and attending to the garden beds cannot well be attended to by the remaining men. As a large number of gravel paths have to be swept daily and the grass plots kept clean, the entertainment of a sweeper instead of an additional gardener was recommended which I beg will be sanctioned. It is very necessary that there should be a resident gardener in the Park to keep a watch over the place constantly and to be in charge of the plants and tools. It is very often that flower and foliage plants are missed and there is at present no proper place for a man to stay in. A building is absolutely necessary in a Park and I would therefore recommend the provision being sanctioned.

With regard to the provision of Rs. 200 made for the purchase of plants, &c., for the town of Birur, I submit that the amount proposed to be spent for the purchase of plants alone is Rs. 75 and the balance Rs. 125 retained for unforeseen expenses in the event of an outbreak of cholera or any other epidemic, &c.

No. 6701-5—L. F.171-94, DATED, BANGALORE, 10TH DECEMBER 1895.

ORDER THEREON.—*VIII. Rents.*—The sums realized by the sale of produce of gardens should be entered not under "X. Miscellaneous" but under "VIII. Rents (*b*) Gardens." The necessary transfers will be made in the Budget of the Chikmagalur town.

2. *Head Office, Item IV. Furniture.*—The sum of Rs. 250 required for the purchase of furniture for the Municipal Board office at Chikmagalur, will now be included in the Budget, subject to a detailed estimate being submitted for sanction.

3. *Head Office, Item* 5.—The appointment of a Mutsaddi or Accountant on Rs. 10 to the office of the Vice-President of Chikmagalur and of a peon on Rs. 6, has been sanctioned in Government Proceedings, dated 9th December 1895, No. 6665-6—L. F. 386-92, and the proposed increase of contingencies from Rs. 36 to 96, for reasons stated, is approved. The provision already made to meet these charges will stand. In future, no increases to permanent establishments or other charges of a recurring nature should be inserted in the annual Budgets without the previous sanction of Government.

4. *III. Collection (a) Octroi.*—The Government will await the reference promised by the Deputy Commissioner in regard to the introduction of a uniform system of taxation in the Minor Municipalities, and, pending orders thereon, no increased provision can be allowed on account of remuneration for the collection of octroi by village officials. The increase of Rs. 2 proposed to be given to the Mutsaddi at Yedahalli, on account of additional duties devolving on him, is sanctioned.

5. *III. Collection (b) Mohatarfa.*—If the village officials, to whom percentage remuneration is paid on account of Municipal collections, neglect this portion of their duty, due steps should be taken to enforce the same. The separate report promised is awaited. The employment of a Daroga to assist in the collection of market rents, &c., has been sanctioned in Proceedings No. 6665-6—L. F. 386-92, dated 9th December 1895. A provision of Rs. 64 will be entered in the Budget to meet his salary during eight months of the current year.

6. *XI. Miscellaneous (g) Fairs and Festivals.*—The Deputy Commissioner now explains that the sum of Rs. 100 provided in the Budget of Chik magalur,

under the head "XI. Miscellaneous (*g*) Fairs and Festivals" was spent in awarding prizes to school boys. As the school at Chikmagalur is not maintained from Municipal Funds, the cost of prizes to school boys is not a legitimate charge upon those funds. The provision will accordingly be disallowed.

7. *XI. Miscellaneous* (*h*) *Gardens.*—The proposed entertainment of a sweeper on Rs. 5 and the construction of a gardener's cottage at a cost of Rs. 250 in the Park at Chikmagalur are approved.

8. As a sum of Rs. 125 out of 200 provided in the Budget of Birur for plants is said to be needed for unforeseen expenses in the event of an outbreak of cholera, the provision under this head will be reduced to Rs. 75 and the balance Rs. 125 transferred to "IV. Conservancy (*b*) Other charges."

9. Subject to the above remarks, the estimated receipts and expenditure of the several Municipalities of the Kadur District for 1895-96 will stand as shown below:—

REVENUE.

Proceedings of the Government of Mysore,

READ:—

Correspondence ending with letter No. 317—208, dated 4th November 1895, *in re* the alteration of the date of birth as entered in the Service Register of Revenue Gumasta Ramanna of the Chitaldrug Taluk.

No. 5129—R. 1990, DATED BANGALORE, 3RD DECEMBER 1895.

ORDER THEREON.—According to the Service Register, Gumasta Ramanna seems to have completed his 55th year at the end of June 1895. For fear, probably, of being retired on superannuation pension, Ramanna produced what was evidently meant to be taken as his original horoscope and requested that as therein shown his age might be altered in the Service Register. The effect of such an alteration would have been the reduction of his recorded age by more than four years. The Amildar and the Deputy Commissioner supported the application. The horoscope above referred to was, however, so suspicious in appearance that the Deputy Commissioner was asked to examine Ramanna regarding its genuineness and to submit his statement for the final orders of Government with his own opinion thereon. In his examination before the Deputy Commissioner, Ramanna changed his attitude and stated that the paper he had originally relied upon was only a copy written by a Jois and that the original horoscope was to be found recorded in a book obtained from Kunigal and now produced. On comparision, however, these two were found not to correspond with each other, nor did the entries in the one first produced tally with the almanac of the year therein mentioned. The Deputy Commissioner is of opinion that the entries in the book are no less unreliable than those in the other paper, that both must have been written long after the occurrence to which they relate, and that the evidence adduced by the official in question does not warrant the alteration of date applied for by him. In this view the Government fully concur. Ramanna's application must therefore be rejected. As he has completed the age of fifty-five years and shown himself to be untrustworthy, he must be retired at once.

2. The Government are constrained to observe that Ramanna's conduct in this connection is by no means satisfactory, and that it is difficult to accept his plea of ignorance and simplicity. The Deputy Commissioner's report in the first instance shows that it was made without due enquiry, and if his recommendation had been accepted by Government, the result would have been undesirable, as an evident falsehood would have been acted upon. Further enquiry is yet desirable to ascertain who the astrologer is who innocently committed this mistake to the advantage of Ramanna. It is scarcely necessary to point out the very serious nature of the attempt made by Ramanna, and hastily supported by the Amildar, to impose upon Government, and the desirability, in the interests of official discipline, to bring the really guilty party to justice.

Revenue Secretary.

Docket No. 1669—429, dated 25th October 1895, from the Deputy Commissioner of the Kolar District.

No. 5252—R. F. 10-95, DATED BANGALORE, 6TH DECEMBER 1895.

ORDER THEREON.—With the above docket, the Deputy Commissioner submits a statement showing the particulars of outstanding balances in the Goribidnur Taluk to be written off the accounts on the ground of being irrecoverable.

2. The amount thus recommended for remission is Rs. 262-14-10 as shown below :—

Serial No.	Name of defaulter.	Amount to be remitted. Rs.	a.	p.
1	Siappa	3	3	0
2	Rangaswami Pagoda	9	12	0
3	Nalla, Amuthavadar Venkappa	15	12	0
4	Rangegauda	234	3	10
	Total ...	262	14	10

3. In case No. 1, the recommendation for the remission is based on an order passed so far back as 19th March 1889 by the then Deputy Commissioner Mr. Abdul Rahman. In that order allusion has been made to the orders passed on the Takarar Takhta of the previous year. These orders are not forthcoming, and there is no reason why the grant of remission should have been delayed for so many years.

4. The arrear pertaining to case No. 2 is stated to have been recommended for remission on the authority of an order passed by the General Assistant Commissioner Mr. K. Ramachandra Rao in the Roz Khirdi on the 7th March 1890. The original records connected with the case are missing, and though Mr. Ramachandra Rao once recorded an order that the amount should be recovered from the officials responsible for the missing records, he has subsequently noted that the references having been shown to him, the amount should be brought under remission. It is, therefore, not clear when the records were mislaid, and who is responsible for the same.

5. The sum of Rs. 15-12-0 involved in case No. 3 was ordered to be brought on the remission statement so far back as 16th November 1886. In his remarks, dated 16th October 1890, the present Amildar finally reported the disposal of the case by the grant of remission. That being so, it is not clear how the item in question has so long remained unadjusted. The records now submitted do not show with sufficient clearness that the above order has not yet been given effect to. The connection between the arrear of Rs. 28-4-5 now stated to be due from the defaulters for the years 1881-82, 1882-83, 1884-85, and 1885-86 and the amount, *viz.* Rs. 15-12-0 already remitted* under the Deputy Commissioner's order of 16th November 1886, is not quite apparent. A thorough examination of the village accounts of Manchenahalli should be made, and the statement of arrears due in each case for the years from 1881-82 to 1885-86, compared with the remission statements sent from the Taluk and the orders passed thereon from 1886. It is only by an exhaustive examination of this kind that it can be finally ascertained as to whether any items now recommended for remission have not been already so dealt with. The result of such examination must be reported with complete records for the further orders of Government.

Total ...	17	12	0
Deduct amount realized by the sale of the land.	2	0	0

6. The records connected with case No. 4 are also said to be missing, and the present recommendation for remission is based on a copy of the diary of the order passed by Mr. Ramachandra Rao on the 17th December 1890.

7. This state of things cannot but be regarded as highly unsatisfactory. While, therefore, according sanction to the remission involved in cases Nos. 1, 2 and 4, aggregating Rs. 247-2-10, the Government wish to press upon the Deputy Commissioner the necessity of taking immediate steps for a thorough examination of all the records in the Goribidnur Taluk, and for bringing the erring officials in that Taluk to a full sense of their responsibility. It is not creditable that so many important records must be found missing.

No. 5681-88—R. F. 39-94, DATED, BANGALORE, 19TH DECEMBER 1895.

ORDER THEREON.—Government are pleased to direct that the following be added after the words "outside estates" occurring in the last sentence of Proceedings No. (Camp) 1818-25, dated 10th March 1887.

" Except those of coolies who live temporarily for less than a year in temporary " Jhopadis and who are *bonâ fide* laborers employed in coffee estates."

2. Thus amplified, the order will read as follows:—

" Cooly huts situated in coffee estates must not be taxed Mohatarfa, whether such estates belong to European or to Native Planters. Such huts are exempt from tax like those of the regular farm-laborers or "Jitalus." No exemption can be claimed in respect of huts situated outside estates, except those of coolies who live temporarily for less than a year in temporary Jhopadis and who are *bonâ fide* laborers employed in coffee estates."

The Government of Mysore are pleased to direct that the following be substituted for sub-clauses (2) and (3) of clause 5 of Rule XXI of the Rules published under Notification No. 495 of 30th March 1892 :—

(2) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasury on the prescribed printed Chellans, in equal monthly instalments commencing from the 1st month of the contract. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay. The Chellans shall be in triplicate in the appended Form E. The original shall accompany the Treasury "Daily Cash" account sent to the District Treasury, the duplicate forwarded by the Taluk Treasury Officer to the Excise Commissioner's office, and the triplicate retained with the renter. Payments on account of the shops in the Civil and Military Station shall be made into the Resident's Treasury on the printed Chellans furnished to the shop-keepers by the Collector of the Civil and Military Station.

(3) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable with interest at 6 per cent per annum from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

FORESTS.

Proceedings of the Government of Mysore.

READ THE FOLLOWING :—

Letter No. 711—67, dated 14th September 1895, from the Inspector General of Forests in Mysore to the Revenue Secretary to the Government of Mysore.

Adverting to your Official Memorandum No. 2759—Ft. 180, dated the 9th instant, and also to previous references as per margin, as regards the complaint of excessive reservation of forest in the Shimoga District, I have the honor to report that my personal observation and careful investigation into the matter during my tours in the District have convinced me that there is no excessive reservation, and that the raiyats have had no real or reasonable cause for complaint. The reservation of a forest is not effected hurriedly, but through the usual process of enquiry and settlement on the spot by the Deputy Commissioner himself or by an Assistant Commissioner deputed by that officer. The objections of the raiyats of each village to the proposed reservation, or their complaints for insufficient provision or allotment of forest land for their *bonâ fide* use, are heard and recorded with the settlement officer's finding thereon. When this settlement is conducted by a subordinate officer he submits the whole record for the approval of the Deputy Commissioner, who passes his own orders on each case, holding further enquiry where the settlement calls for it. After this the settlement record is submitted to the Inspector General of Forests for confirmation. Thus the raiyats have so many chances to represent their real grievances, if any, and to obtain redress. So far as I am concerned I have received no complaint.

3. As regards the State Forests constituted in the Shimoga and Channagiri Taluks, it is gathered from the District Forest Officers' reports that out of 170 square miles of forest in the Shimoga Taluk and 84 square miles of forest in the Channagiri Taluk, only about 70 square miles in the former and about 38 square miles in the latter have been brought under conservancy. This reservation, I beg leave to remark, is not excessive, and further, not a bit too soon, looking at the rate of wasteful fellings carried on heretofore, and the consequent deterioration of the forests. If early measures were not taken for the due maintenance of the jungles allotted to the villagers at the forest settlement, they would soon get denuded and requisition for slices of State Forests would be made as might be expected.

4. The first step towards this would be to prevent raiyats of alien villages from felling and removing wood or bamboos under the cover of agricultural implements. The amount of damage committed by these outsiders and remedy for the same are described by Mr. Abdul Rahman (then Deputy Commissioner) in the following terms.

"The rule that raiyats having no jungles in their own villages may get their fuel and wood for agricultural implements from other jungles or forests, has been working incalculable mischief. "The rule is highly obnoxious to the raiyats of the villages having the jungles as well as to those

"of the adjoining villages benefited by them from time immemorial. They are naturally averse to "outsiders sharing with them in the wood and bamboos which they themselves can ill spare. The "raiyats with no jungles of their own must shift for themselves in the best manner they could. "They should not be allowed to claim what they want in the jungles in no way connected with "them and distant from their homes. Quarrels on this score between the locals and outsiders "are of frequent occurrence, the Patels of the villages having the jungles almost always siding "with the outsiders and for reasons too obvious to be noted. The sooner the rule is modified "the better. In my humble opinion the Government are not in a position even in a Malnad Dis- "trict like this to satisfy the wants of all raiyats. Those having no jungles of their own must "grow their own jungles or get their fuel and timber by full payment. In treeless tracts of the "Chitaldrug District, raiyats have no other fuel to use than the stalks of tuvar, castor, jola, &c., "and in most cases do not get even the brushwood, bandarike, &c. Their wants are quite met "by above and there is no reason why raiyats of this District situated similarly should not "adopt what their neighbours have already had to adopt. Indeed our raiyats are gradually, "though rather slowly, coming up to the mark. But for the vicinity of Malnad they would "have adopted the above fuel ere long. It does not seem to me, I respectfully submit, a good "policy to bind ourselves to supply the wants of raiyats in general, and then pest them by too "many restrictions. It appears a sound policy to declare in stern terms that we could meet "their demand only where it is feasible, and thus put the raiyats under the necessity of making "their own arrangements for what they want. Such a policy will not only save the Govern- "ment Forests from denudation now continuously complained of but also compel the raiyats to "learn a better economy and independence.

"The preservation and growth of forests, as far as practicable, are further absolutely "necessary to get, especially in Malnad, the required quantity of rain on which depends the "paddy and supari cultivation. The destruction of forests has already brought about a per- "ceptible decrease in the fall of rain annually.

"The raiyats residing in or in the immediate vicinity of forests, have no right whatever "to claim wood beyond their own use and this too, only to the extent they can get in their "jungles. They, as well as others, are now taking fuel for sale at the neighbouring towns or "large villages. They have no right whatever to do this without proper payment even in the "District Forests. We can very fairly put a stop to this and make firewood sellers pay a pro- "per fee for the fuel removed by them for sale."

5. In support of Mr. Abdul Rahman's observations, I beg to quote the following instances that came to notice of serious irregularities both in the matter of agricultural implements and of building materials removed under the Raiyats' Privileges Rules.

(i) In 1891 fifty-one raiyats of two villages in the Channagiri Taluk felled and removed 64 cart-loads of wood from the Joldhal District Jungle for agricultural implements. The villagers referred to reside at a distance of more than 18 miles from that jungle. It looked simply absurd that they should require such a large quantity of timber for their agricultural implements. Further it was reported that they felled and removed some of the prohibited kinds of trees and for which they would otherwise have had to pay the prescribed seigniorage.

(ii) Extracts from Inspection Memo and orders.

"On the 30th December 1892, the State and District Forests of Gangavansara were inspect- ed. In the District Forest, it was a matter for concern to observe that raiyats had cut young green trees fit for better purposes than fuel. No attempt had been made on their part to cut and remove large creepers, dead and thorny trees and dry stumps well suited for fuel pur- poses, nor had they cut those young trees on coppice principles. If they be allowed to cut green trees in this manner, the result will be gradual destruction of these forests at no distant date."

"In his diary for October 1892, the Forest Probationer, Shikarpur Sub-Division, reported that Siralkoppa Depôt Mutsaddi was issuing licenses to raiyats adjoining Kavadi State Forest for felling green fuel therein at two annas per cart-load. On 3rd January 1893, this forest was inspected Karimatti, honné and hettyaga green trees among others had been felled and re- moved for fuel and in some places left to dry. The Inspector General observed dead and decay- ing trees and many creepers and thorny bushes which could easily have been removed. Out- side this $1\frac{3}{4}$ square mile of State Forest, there were miles of District Forests containing lots of dead, decayed and fallen trees which could be removed by the villagers. Permission to fell green trees at pleasure for firewood in a State Forest is a dangerous innovation and must end in the gradual destruction of such forest and therefore should not be permitted, especially as there is no necessity for it."

(iii) In the Kadur District, the Karadi Matti District Forest was reported as having been subjected to heavy reckless felling during the past many years and portions of it were drifting on denudation. The Deputy Commissioner Mr. Sparkes remarked that it was quite time the forest should be closed, although there would be a great outcry from the raiyats about it, as it is much more convenient to them than Muttodi or Tegurgudda. This forest has been accordingly closed except to raiyats of villages in the immediate vicinity of the forest and who entirely depend upon it.

6. The Government will be pleased to notice that heavy destruction of forests in the past is bringing a serious calamity chiefly upon Malnad raiyats in the decrease of rainfall year after year and that it is of utmost importance to conserve and improve, not only the State Forests

already formed, but also the District Forests as far as possible by modifying the rule 6 of Raiyats Privileges Rules of December 1892, and localising and restricting the right of felling fuel or wood for agricultural implements to raiyats of the villages having the jungles, and also to those of the adjoining villages depending upon such jungles and responsible for their up-keep. This measure may, it is hoped, also remove the present complaint or cry for more forest for the collective and indiscriminate use of all villagers. In the case of building materials to be had at favorable rates, such restriction has already been enforced under Government Notification No. 5832—R. F. 226-92, dated 25th September 1893, and it has, I am glad to report, almost stopped the abuse.

7. As regards free grazing in State Forests, I beg to state that this concession is unnecessary for a sufficient grazing area has already been allotted to each village as gomal. The improvement of pasture within the precincts of State Forests is a measure fraught with importance to the people at large with their extensive herds of cattle. A fee of two annas per head prescribed for local cattle is by no means high and can be paid without difficulty.

Docket No. 438—255, dated the 3rd December 1895, from the Deputy Commissioner of the Chitaldrug District, applying for an imprest of Rs. 50 for each Amildar and of Rs. 30 for each Deputy Amildar in order to enable them to defray the cost of repairing the bandhs of recalcitrant raiyats.

No. 5806-15—Fl. 345, DATED BANGALORE, 29TH DECEMBER 1895.

ORDER THEREON.—The Government observe that in the late Chief Commissioner's Proceedings No. 2924-5—R. 533, dated 14th August 1880, sanction was accorded to an advance of Rs. 30 being given to each Taluk of the Shimoga District for defraying the cost of repairing boundary marks in occupied lands therein. A similar advance or imprest seems necessary in the case of the other Districts also. The Government are accordingly pleased to direct that an imprest of Rs. 30 be placed at the disposal of each Amildar in the marginally noted seven Districts in order to enable him to meet the cost of repairing the bandhs of recalcitrant raiyats in his Taluk. An imprest of Rs. 20 should also be given to each Deputy Amildar in all the eight Districts in the Province for the said purpose. Recoupment will be made from time to time by recoveries from the defaulting raiyats in accordance with the rules on the subject.
